“ Bea was a very crafty lady. She handmade a variety of flower arrangements, doll clothes, toys and crocheted crafts. She loved to work in the yard, tending to her flowers, vegetables and pecans, working from her scooter. I was glad she got the chance to visit my family in Connecticut, even got to see the snow on 1 visit. We used to play cards at her home and she had a crafty way of giving signals to her partner. One time she told Larry that she couldn't hear his signals because she just got new glasses. She loved to play her organ and entertained the children and adults at the Harlem VFW's Christmas parties. She was an ordained minister. She and Clarence loved to sing along with their Karaoke machine. She was a life member of the VFW Auxiliary for over 50 years, serving as chaplain at the Harlem Auxiliary. Her birthday was 2 days after mine and we would celebrate together with Roy's mom Helen who's birthday was right before mine. She was a great friend and she will be missed. . Prayers for Donald, even though he knew her time was getting short, it is still hard to come to terms with the fact that she is on the other side, singing with the angels. Rest in Peace Bea, remember to go head first, so you can be head to head with Clarence. Miss you both, Love Dixie
