“ My sweet Aunt Hope, I would go up for the summer break to spend some time with my cousin sophia and her. They had a cat named soda pop back then and she loved soda pop so much lol. I would always look forward to seeing her, her smile and kindness would light up any room. She could always make me laugh and she would look at the bright side of any situation. I will forever love and miss you Aunt Hope, tell Aunt Phyllis and Grandpa hello for us ☐

“ My Aunt My best Friend Always has a smile to light a room , always a shoulder to cry on,
Always a listening ear, she always gave the most honest and loving advice
I know she is rejoicing with my mama and her mama and daddy and Grandmother
I know she is celebrating her new body pain free
I know she will forever be watching over us with a smile
Although my heart is broken and there's a piece that will forever be missing, I know that she is restored and Her body is new now..
Aunt Hopie I Love you and your memory will live with me all of my days

“ Sophia I have no words that can make this easy for you. I worked with your mom for many years. I'm the lady at the Switchboard at Prym. She was the sweetest person to talk too. We had many conversations about you and my kids through the years. She will be missed and know she loved you with all her heart.
